Episodes and Stand-Alone Stories

<https://mlc.learningstewards.org/about/#EP>

Episodes use **Stop and Learn Words** to systematically teach students to recognize and apply PQs. Episode numbers all have the same instructional intention. All first episodes (Level 1-2 and up) teach the same PQs. Same for all 2nd, 3rd, 4th... episodes. A student completing episode 2 in one series can change series and start on its episode 3 without missing a step in learning to use PQs. Always have students complete an episode before switching to another series. Some Stand-alone stories have **Stop and Learn Words**, but most do not. **Stand-alone stories** are primarily for practicing using the PQ Pop-Up without explicit **Stop and Learn Word** guidance.

There is a **Copy>Paste>PQ** button (as shown) on every library page of the site. Clicking it opens a special page that enables teachers and learners to use the PQ Pop-up app with content pasted from any source (including word processors, PDFs, ebooks, and web pages). Once content has been copied to their device's clipboard and then pasted into the page, it will be automatically converted into text that is ready to read with PQ Pop-Up app support. Learners or stewards can also type directly into the input window and press the 'Process' button to have their own words made ready for reading (or teaching) with the PQ Pop-Up app. Further instructions are on each Copy>Paste>PQ page.
